The minor has only one guardian	
Authorised party (person opening the account)	
Name of the authorised party	Personal identity code
Address	Telephone number
Account holder	
Name of the minor	Personal identity code

Authorisation

Address of the minor

I, in the capacity of the account holder's guardian, hereby authorise the aforementioned authorised party to establish a customer relationship and to open an account in the name of the aforementioned minor at Nordea Bank Abp, for the purpose of donation.

Any notifications concerning the account will be sent to the minor's (account holder's) home address. In other respects, the authorised party is entitled, for my part, to open an account with the terms and conditions he/she considers best and to approve the account term and conditions as binding on me/the minor.

I have familiarised myself with the various account alternatives and the terms and conditions on Nordea's website at the address <u>nordea.fi/accounts-and-payments</u> (Disposal Account) and at <u>nordea.fi/savings-accounts</u> (Savings accounts).

This authorisation is valid until

Place and date

The first guardian's signature and name in block letters

The second guardian's signature and name in block letters

With this power of attorney a current account or an account for saving or investing which the guardians use together can be opened for the minor.

If other persons than the both parents act as the minor's guardians, this must be separately certified with an extract from the population register, a legally valid decision by a court of justice or the parents' agreement confirmed by a social services and health care committee on the child's care and meeting right.

The person opening the account may not reserve the user right to the account for him-/herself or order the user right for one of the guardians only.

The precondition for the use of the account is that each guardian must visit a branch if they are not already customers of Nordea Bank Abp. During the branch visit, the identity of the guardian is verified and the guardian's data is entered in the bank's customer register.

Nordea Customer Service, tel 0200 70 000 (local network charge /mobile call charge)

- Service in Finnish available Mon-Sun 24 hours a day, service in English Mon-Fri 8.00-18.00.
