

In accordance with the EU General Data Protection Regulation, persons have the right to obtain the personal data they have provided for the bank in an automatically readable format. This right only applies to data processed automatically either on the basis of a consent given by the person or because processing it is necessary for the implementation of an agreement between the person and the bank. Persons can use this form to ask for their personal data registered at Nordea Bank Abp. The data will be sent to Omaposti.

Persons must always use an approved electronic means of identification, such as online banking codes, or present an identity document when making a request for checking their data

My contact details

Last and first names		Personal identity number	
Address	Postal code	City	
Country, if not Finland	Telephone number		

I want to receive my personal data also in relation to the company I am involved in.

Name of company	Company Identity Code
-----------------	-----------------------
