Card number and validity		Service language

The first 4 numbers/characters of the password for online use, chosen by the company/cardholder (the remaining 4 characters are mailed to the cardholder after registration).

The above-mentioned card can be used for online payments when the card has been registered for the Verified by Visa service and the cardholder has received the required password. The cardholder may pay for purchases to Internet merchants belonging to the Verified by Visa service. The Verified by Visa logo on a merchant's website verifies that the merchant belongs to the Verified by Visa service.

If the cardholder has forgotten the password or if the password needs to be changed for other reasons, a new one can be obtained from one of Nordea Bank Abp's branches in Finland, calling Corporate Service, tel 0200 2121 (local network charge/mobile call charge) (Business Visa Debit) or First Card customer service tel. 0200 52100 (local network charge/mobile call charge) (First Card). The Verified by Visa service can be terminated by submitting a written notice to a Nordea branch in Finland.

I undertake to keep the password enabling me to use the card on the Internet carefully so that no outsider can find it out. I undertake to follow the instructions regarding payments given by Nordea and the Verified by Visa service.
